Working with horses, hot steel and sharp tools involves inherent risks of physical injury. Students voluntarily assume all risks associated with participation in this program. The Farrier School has a mandatory accident insurance policy, which covers the student ONLY WHILE IN CLASS. This policy is excess medical coverage, which only pays if the student/claimant has no other insurance. If the claimant has insurance this policy can be used to help cover out of pocket expenses that their primary insurance does not pay. It is limited to a maximum of \$5,000 medical and \$5,000 death or dismemberment and is subject to a \$100.00 deductible. The cost of this policy is included in the tuition. Any medical or dental costs not covered by this insurance policy are the sole responsibility of the student.
