ANSC 418 – Assignment 9 – 20 pts.

1. A journalist for an ag popular press outlet interviewed Dr. Bowman about feeding management that producers should be considering now to ensure a successful calving season and breed back in their beef herd (pretend you were the one interviewed).

2. The journalist has sent you their article written based on the interview.

3. **Edit the article.** You can add and/or delete material, but you can’t make the article too much longer than it currently is, as there is a page limit in the popular press outlet that the journalist has to adhere to.
